PETITION TO THE COMMISSIONER UNDER 37 C.F.R. §1.182

Box Missing Parts
Commissioner for Patents
Washington, DC 20231

Sir:

Petition is hereby made to the Commissioner to accept the accompanying Preliminary Amendment and the Substitute Specification for the reasons set out in the Preliminary Amendment as summarized below.

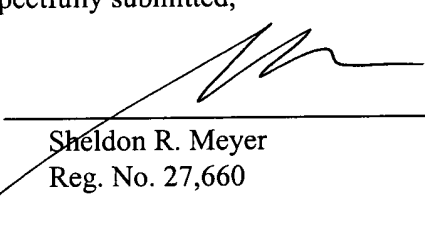

In a Notice of Missing Parts, copy attached, Applicant received an indication that certain figures which were described in the specification were not included in the sets of figures. On review of the case, it became apparent that the figures in the case are correct, and that the claims in the case are correct but that portions of the specification do not correctly match to this application. Accordingly the accompanying Preliminary Amendment has been made. In this Preliminary Amendment, paragraphs from the co-pending and incorporated by reference U.S. Patent Application 10/074,103 have been added. It is submitted that this Amendment is proper, that no new matter has been added as the material is taken from case SHPR-

01041USS now U.S. Patent Application No. 10/074,103 filed February 12, 2002 and entitled "ELECTRO-KINETIC AIR TRANSPORTER-CONDITIONER DEVICES WITH AN ENHANCED COLLECTOR ELECTRODE FOR COLLECTION OF MORE PARTICULATE MATTER," and specifically incorporated by reference in this pending application in paragraph 23. A copy of this co-pending application and the filing receipt is included with the Preliminary Amendment for the convenience of the Examiner. Further, this information was taken at least in part from Provisional Patent Application No. 60/340,462 filed December 13, 2001 and incorporated by reference and referred to in paragraph 0001 of the present pending application.

Based on the above, Applicants submits that the Preliminary Amendment should be entered, and that the filing date should stay February 12, 2002. Further, as the material substituted into the present specification was filed simultaneously with and was incorporated by reference with the present application, it is submitted that the present Petition is unnecessary and that the Petition fee should be refunded or in the alternative that the Petition should be granted.

Respectfully submitted,

Date: June 5, 2002
